JRF Walk-in Interview

A walk-in interview will be conducted for an existing JRF vacancy in the SERB-DST sponsored research project “*Deposition of Two dimensional MoS₂ and WS₂ by RF magnetron sputtering and development of two dimensional MoS₂ and WS₂ thin film transistors*” at International School of Photonics, CUSAT. Candidates with an MSc in Physics/Photonics/Materials Science are eligible to appear the interview. Preference will be given to GATE/NET qualified candidates. Interested candidates are requested to appear for a walk-in interview on **26.04.2019** at **10 AM** at Centre of Excellence for Advanced Materials (CAM), IUCND Building, CUSAT, with all original certificates. Fellowship and HRA will be paid as per the rules and regulation of CUSAT & DST, Govt. of India.

Dr. Saji K J
Principal Investigator, SERB-DST project
